Young people like to use social media like YouTube, Instagram and Threads. About 90% of young people use more than one social media platforms. A study in 2025 shows that 70% of young people in Taiwan check social media many times a day. Only 9 % of them don't use social media. Young people use social media to meet new friends, play games , share photos, or **express** their feelings when they are happy or sad. But social media isn't always good for young people. In fact, it often distracts them when they study or do their homework. Sometimes, young people even spend too much time on social media. Parents also think young people need enough sleep at night. What do you think?

 social media 社群軟體 more than 超過 platforms 平台  
 show 表現出 share 分享 when 當...時候 distract 使...分心  
 spend 花費
