My name is Willy, and I am in the second year of junior high school. I usually wake up at around six in the morning and leave the house at about ten after seven. I go to school by bus every day, and it takes me fifty minutes to get there. However, I sometimes take a taxi when I'm running late.

At school, math used to give me a big headache because it was my worst subject, but that has all changed. Last semester, Miss Lin started teaching math at my school, and she really knows what she is doing. Also, when I ask questions about something confusing, she patiently explains until I understand. I really like her and her class, and I am doing much better in math now.

Of all my subjects, I like history the best. Mr. Brown knows a lot about it and tells interesting stories about famous people from all over the world in class. Between classes, I always play basketball with my classmates, Curt and James. We also have lunch together every day.

After school, I take a bus home. I usually spend two hours doing my homework and studying for tests. When I finish, it's usually about the time that my father comes home from work. We have dinner together every day. I watch sports on TV for one hour, and then I go to bed at ten. This is a typical day of my life.

When you are sick, try not to go to the drugstore as you usually do. Instead, you should try some medicine that is found in healthy foods. It is natural and can make you feel better.

One that most people already know about is green tea, which is great for when you have a cold. Garlic is another one that is useful. It can prevent colds and make them last a shorter amount of time. Other natural medicines that also work when you are feeling under the weather are hot peppers, strawberries, and honey. The first helps stop runny noses, and they don't have to be eaten just by themselves because they can be mixed in with other foods. The second helps when you have the flu, and the last is great in tea and helps when you have a sore throat.

Probably the best remedy for colds is chicken soup. Doctors began recommending it as a cold medicine back in the 1100s. That is not surprising because the chemicals that are found in chicken soup are similar to those in modern medicine. You should know the most important of all is not the medicine you choose but getting a lot of rest.

Clerk : Hello, may I speak to Stephanie Lin?
 Stephanie : Speaking. Who’s calling, please?
 Clerk : I’m calling from Popular Rentals. The deadline for the five comic books and the novel you borrowed was three days ago.
 Stephanie : Oh, I totally forgot about that. I’m really sorry. Can you tell me the names of the books?
 Clerk : Sure. They are *City Hunter*, number one to number five, and the first *Harry Potter* book. I recommend you getting them back as soon as possible if you don’t want to pay a bigger late fee for the overdue books.
 Stephanie : OK, got it. Also, could you tell me how much you charge for the overdue books?
 Clerk : It’s NT\$2 a day for each comic book, and NT\$5 a day for each novel.
 Stephanie : OK, I’ll be there in one hour with them because I’m in the middle of putting my kids to bed.
 Clerk : I’m afraid we will close in 30 minutes. We open in the morning at nine, so if you return them before nine thirty tomorrow, we won’t charge you for another day.
 Stephanie : Oh, that’s fantastic. Thank you!
 Clerk : No problem. See you tomorrow.
