People enjoy reading a lot in their free time. Some like reading newspapers, and others enjoy reading novels or comic books. I like reading about the lives of great people. This always gives me lots of ideas on how to make my own life better.

Great people are remembered not because they were handsome or beautiful, but because they did not give up when their lives were difficult. They used every chance to change their lives and make the world better.

One good example is Orville and Wilbur Wright. The two brothers invented the airplane. The airplane has made the world into a small village. Hard work, not good luck, is the reason why the Wright Brothers could invent this convenient machine and become remarkable people. Today we still remember them when we see planes in the sky.
