Dear Diary,

My classmates and I went camping in Wanruey Resort. This was our first time to spend the night out together. We were so excited and couldn't wait to enjoy our camping.

During these two days, we had some interesting lessons. We learned how to go rock climbing, go grass skiing, and pitch a tent. We used crayons to make our faces colorful. We played paintballs and human football with friends. In the evening, we had to prepare dinner by ourselves. Later, we joined a campfire party. We watched a lot of wonderful shows from other classes. We had light sticks in hands. We sang and danced with the coaches happily. At the end of the party, we watched a touching video. I almost cried at that time. I will never forget the feeling!

I learned a lot from this camping. Even though the coaches were mean, and the tasks were difficult, we still did our best to solve all the problems. We faced them and worked together with each other. In the end, our class didn't win the prize, Teamwork Award, but we really had a good time and developed our strong friendship.

Flu Attack!

Winter is the flu season. Many eighth graders got flu after coming back from the camping. To protect more students from getting flu, doctors will come and you will receive a vaccination the day after tomorrow. It is the best way to fight with flu. Even so, it doesn't mean that you won't get flu anymore. Remember to wear a mask in public places, wash hands before eating, and cover your mouth and nose when you cough or sneeze. These are also good ways to protect you from getting flu. If you got flu, please stay home and have enough rest. Don't go out because you are contagious.
